Info:	supplementary sheet
Product color:	wood look / silver
Material:	metal / plastic
Explanations:	Self-Ink (SI); Pre-Ink (PI)
SI Explanation:	Ink black (DIN ISO 14145-2)
Manufacturer:	Heri-Rigoni GmbH
County of manufacture:	Germany

Product description:

The product is a ballpoint pen in which a stamp could be installed. This is either a rubber stamp (SI version) which is colored with an already installed inked pad or a stamp that is already soaked with ink. (PI version). It is robustly designed to be used for years to come.

Handling:

The device was developed to stamp a text on an absorbent material. To stamp, the cap must be removed and an imprint can be made on a flat stamping surface.

Any handling other than described in this document does not correspond to the purpose of this product.

The product is not suitable for children under 3 years.

Self-Ink version (SI)

Pre-Ink version (PI)
